When We Started

Sew Social started at The Kiln in July 2021, being one of the first user groups to start up regular weekly sessions at there, where adaptable and affordable spaces are created for members to come and enjoy arts & crafts while promoting health and well-being in a socially friendly environment.
Please take a look at our website to find out about the other amazing benefits of becoming a member of the Burgess Hill Creative Community, and contributing to building a better community for our town
